### EVERY FRONT A UNIQUE ONE-OFF

The Eye-catcher is a door style with a surface design with a special-effect lacquer finish which is largely produced by hand. Differences in the sanding pattern or shading, possibly having the effect that the colour shade appears to vary across the front, are no coincidence, but are desired and intended. Solely this method of working and application lends your furniture its unique character and charisma.

F1/\*, F2/\*, F3/\* side walls are available in grooved (OLWR) or smooth (OLW) version in a thickness of 19, 50, 75 and 100 mm.

**Note:**

- drawer panels (plain) are only available with TIP-ON, as an alternative we recommend pull-out panels with interior drawers.
- Pull-out panels 256 mm high are not available.
- A door width of 296 mm should not be exceeded, otherwise available in plain finish only.
- Ideally, fridges should be planned at a height of 78 cm in order to ensure easy opening of the door.

**08** COM strip down 995  
black

**09** COM strip rounded 996  
stainless steel

**10** COM strip square 997  
stainless steel

**11** COM strip square 994  
black

**WALL-strip 920**  
black

**Notes:**

- Extra charge per strip handle
  - Use base unit items from S126
  - Use wall unit items from GL780 (XH)
  - Use tall unit items from S126
- Upper doors/flaps on units housing appliances are always supplied with Tip-On  
For fridges a special strip handle is used  
Please note that only restricted versions for fridges are possible  
Due to the position of the strip handle, only split fridge/freezer combinations are possible

**The following items are not available:**

- Pull-out 256 mm high, seated at the bottom of a base/tall unit can only be supplied as a drawer
- UAG 45/60 26 and UGG 45/60 39 - pull-out to be opened from underneath
- U2AG 45/60 52 are not available
- UE 83/93 78/91 are not available
- For corner units USPV..., UV..., GV4L..., AGV2L... the precise planning size must be specified
- GEL..., GGEL..., GGEL2..., GKL... are not available

## XM worktops

- Decorative high-pressure laminate with durable, electron-beam hardened surface and polished reverse side.
- Super-matt texture for the front and worktop with all the quality features and standard values for high-pressure laminate (HPL).
- Comfortably warm, velvety soft feel, inviting touch.
- Impervious to finger and grease marks, for visual appeal in everyday use.
- Optimum ease of cleaning for effortless removal of everyday soiling, above all stubborn grease stains.

## Important:

In order to enjoy your XTreme kitchen surfaces for as long as possible, we advise you to observe the following instructions:

- Fine, extra matt surfaces are delicate. The texture itself cannot prevent scratches
- Especially with darker decors mechanical stress can leave behind visible, unsightly marks

Signs of wear, caused for example by unglazed porcelain or cutting on the worktop, do not constitute grounds for complaint.
